

River Stone Master
Advisory Board Meeting
February 22, 2012
Minutes

The Advisory Board met at the River Stone sales center at 5:00 PM on Wednesday, February 22, 2012. Tisa Futch, Adam Reagan, Harry Whitaker, Meredith Jackson, Mike Cooper, Lisa Granieri, and Jay Young were present. Lisa Edney and Sandra Morrow from ParaMount were also present. Members of the Amenities/Playground Committee were also present. Speaking on behalf of the committee were Vincent and Julie Barr. They gave a very detailed power point presentation with a comparison of the three different companies which were being considered for the playground project.

The committee had narrowed their choice down to two companies. A discussion was then held and the committee answered questions from the board.

Because there were still some questions and items which needed further clarification, the committee will obtain additional information and present their findings to the board. A follow up meeting will then be scheduled.

No decision was made at this meeting.

With no further business, the meeting was adjourned.
